### WWO at The March 2015-16

This year we have had some exciting WWO House Events which have allowed children get to know other children in their House Team.

Have a look at some of the exciting things we have done.

#### **Harvest**

We created lots of different pieces of artwork in our House Teams relating to Harvest.

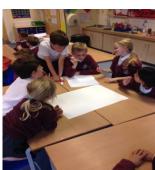

### Christmas

For our Christmas House Event our amazing Year 6's planned and lead activities for us to take part in.

### <u>Summer</u>

Each House Team created their own cheer for Sports Day. They were really good fun and the teachers really got into them too.

# <u>Pictures</u>

During one of our House Events we all helped to create a piece of artwork with our finger prints. We are very proud to show them to people in the corridor.

# **Communication Workshop**

Year 1, 3 and 5 had a communication workshop from two ladies called Louise and Parveen. They are deaf and taught the children how to use sign language and how to communicate with someone who is deaf.
